

## MINISTRY TO THE SICK

*I was ill, and you visited me.*

St. Mary's provides Home Visits and Communion Call for persons who are unable to get to church due to age or health reasons. Visits are usually scheduled on a monthly basis, and only take a few minutes of time to brighten the life of someone who is unable to receive Holy Communion in church.

St. Mary's has parishioners in many of the skilled-care facilities in our community. Many residents have very few visitors, and would like to have someone to call on them. Like the visits to homebound parishioners, volunteers may bring Holy Communion to residents when requested or be scheduled on a monthly basis.

St. Mary's brings Holy Communion on Sunday morning to parishioners who are at Auburn Memorial Hospital. Ministers are scheduled on a rotating basis

Orientation and training is available for all these ministries
